1200 spaces - open 24/7

Leeds City Centre Blue Badge Parking Map

Blue badge parking scheme

The blue badge scheme allows people with severe mobility problems to park close to their destination for free. Badges last for up to 3 years.

Where to park with a Blue Badge

In addition to the designated disabled parking bays available throughout Leeds city centre, blue badge holders may park on-street for free and without time limit at both metered and 'pay and display' sites.

Badge holders can also park on single or double yellow lines for up to 3 hours as long as both the blue badge and special parking disk that shows your arrival time is displayed. There are some local restrictions to this, for example where there is a ban on vehicle loading or unloading. You should always check local signs.

There are places where no parking is allowed, including in pedestrianized areas, in bus or cycle lanes, on pedestrian crossings, on zigzag markings and in suspended parking bays. You are also not allowed to park in a location where your vehicle would be obstructive or cause a danger to others, such as a on a pavement.

Want to know more?

For more information on how to apply for a blue badge and full details about parking restrictions please visit our website at www.leeds.gov.uk and type 'blue badge parking' into the search box.

Using the Map
